Dear Eric

I have just been informed
that L. Fourn's business is in the hands of
a receiver. Can you tell me anything
about it?

Sorry to have missed seeing
you last week as I was in town

Best regards

Sincerely

Dear Mary:

I was going to wait to explain a lot to you but I want to drop you a quick note. Wayte Raymond advises me that Leonard Forrer's business is in the hands of a receiver.

I am enclosing a copy of letter of December 29, 1952 which is self-explanatory, and at least we got some money before the ax fell. We also have some coins in England which are in the hands of a friend of mine.

We may still be able to recover something in the receivership as he had a pretty good stock of coins - but they may not belong to him. I will keep you further advised.

George said that you wanted to try to get some of your bonds from the Title Company and I will work on that shortly.

Our best regards to both of you.

Sincerely,

EPN/atb

Dear Wayte :

Thank you for your letter of February 25 telling me about Leonard's receivership. I did not know about this situation but judged from what Charlie Wormser told me that things were pretty bad. He did have a substantial stock of coins when I was in England last summer but I don't know whose they were.

When I was in New York I would have called you if I had any opportunity, but I was working almost steadily so that I had no time to enjoy my hobby friends.

I suppose there will be the usual filing of claims and a lot of legal red tape without any recovery.

Would you let me know the source of your information so that I can follow through to protect the estate.

Sincerely,

EPN/atb

Gentlemen:

Shortly prior to his death Mr. Charles Cyril Strong handled a matter for the Estate of B. G. Johnson involving a claim against L.S.Forrer, Ltd. and L. S. Forrer as an individual. All details as to the claim are in the file which you already have.

I have been advised, recently, that the business has gone into the hands of a receiver and, as you will see from the file, the Estate is a stockholder as well as a very substantial creditor.

Would you be kind enough to advise me as to what has taken place so that we can determine what course of action to take.

Very truly yours,

Dear Sir or Madam,

It is with great regret that we have to inform you of the death on the 21st August, 1952, after a short illness, of our senior partner, Mr. Charles Cyril Strong.

The funeral took place quietly at West Wycombe on Saturday last, it having been Mr. Strong's express wish that this should be as quiet and simple as possible.

We may perhaps take this opportunity of stating that the business of this firm will be continued by the remaining partners, Mr. Petter and Mr. Odell, either or both of whom will be available to deal with matters which have hitherto been attended to by Mr. Strong.

The partners will continue to have the services of their present staff including Mr. Goodsman, who has been a managing clerk with the firm for many years.

Yours faithfully,

STRONG & CO.

Mr. George Gessler
320 North 4th Street
St. Louis, Missouri

Dear George:

During the year 1953 there was collected from Forrer through the New Netherlands Coin Company the sum of \$323.59. The checks for this amount were turned over to you for deposit in the estate account. The reason the remittances from New Netherlands on the Forrer account were small is that the prices of the coins on which Leonard gets a commission are too high and a negotiation is pending with respect to a reduction in those prices. If a reasonable reduction is granted the sales should be substantial.

In accordance with the amounts due both the estate and myself, it has been understood that my participation should be set at 35%. I am enclosing check for \$113.26 payable to me. Would you be kind enough to sign it and return it.

When I was in New York recently I telephoned Mary Sheffield and explained to her that I felt the estate should be kept open as the best method of collecting money from Leonard. He has been writing me in answer to any letters I have written. His father died recently and he will receive some funds from that estate but I do not know the amount. I am satisfied he is doing much better as his attitude in his letters is more like his former self.

If there is anything you want to talk over, do not hesitate to call me.

Sincerely yours,

Mr. Eric P. Newman,

ST. LOUIS 2. Missouri.

Dear Mr. Newman,

I received your letter of September 4th, and I am glad to read that you are willing to explain things to me, so that perhaps I may be able to act as an intermediary between you and Leonard Forrer, and be able to help both you and him.

Leonard showed me to-day your statement of September 1955, the amount due showing on there being \$12134.69.

Leonard told me that on April 9th 1952 he returned to Strong & Co, solicitors in London at your request coins worth \$2792.15, for which he holds a receipt. Is this amount included in your statement of Sept. 1955 under the heading returns ?

As per your letter of Sept. 4th 1959 you have received since the date of your 1955 statement payments from the New Netherlands Coin Co. amounting to \$471.03, and on August 22nd, 1959 you took in Amsterdam coins amounting to fl. 2265.- which equals \$600.00. Furthermore Leonard tells me that you should have received in or about 1949 a payment from Wayte Raymond Inc. on behalf of the Morgan Library of \$1000.00; perhaps you could verify this at your end as Leonard has none of the Raymond files over here. Please tell me whether you agree the above-named figures.

Now as to the future ! Leonard will shortly be 65 years old, and he has worked with me now for 5 years to our mutual satisfaction. His salary, however, enables him only to live here in one room (furnished), and to help his (2nd) wife in London (who is working too) in the education of his two minor children. I do not see that even if he will be able to work, say, another 10 years that he could ever pay off the amount due, or even half of it, or less. I am not trying to be unreasonable to you, but I know exactly how Leonard stands, and that he has

Dear Mr. Schulman:

I wish to acknowledge receipt of your letter of September 10, 1959. I am glad Leonard had the statement of September, 1955 and showed it to you.

The coins which were delivered to Strong and Company, solicitors, in London, were returns from one of the approval invoices and in arriving at the total due the value of these coins were credited against the invoice as returns.

Naturally, the credit of florins 2265 (\$589.00) will be applicable to Leonard's balance.

Unfortunately, Wayte Raymond did not pay the \$1,000 on behalf of the Morgan Library. There was some correspondence from him to me about some further moneys he felt were due him from Leonard, with the result that no payment or credit came to the Johnson Estate or myself.

Now that your stock of merchandise is back from Delft, perhaps you can send me a list of some of the items which are still available. Any amounts repaid in coins on Leonard's behalf would, of course, make it much easier for both of you and make the recipients feel as though they were getting more. I would like to obtain a nice electrum piece of Lydia, a large Aes Grave with the Genua head and a number of other early Hebrew or Greek coins. I am sure, with respect to the heirs, that some gold coins would have an appeal - such as the George III sovereigns, the Edward VII £5 piece, etc. which I saw.

I fully recognize that some adjustment in the amount due should be made and I suggested it to Leonard when I saw him in Amsterdam. I am willing to consider any reasonable suggestion which you may wish to make but it should be fair so that I can accept it or recommend it. I will certainly be pleased if this matter is adjusted because it will give me a little more faith in human nature as Leonard had not shown much appreciation to those of us who helped him start in business.

Kindest regards to all of you.

Sincerely yours,

Dear Mr. Newman,

I am in receipt of your letter of September

Re your paragraph 3. I suppose \$589.00 is a typing error, as
Florins 2265.- represent \$599.00.

Re your paragraph 5. I do not see how I could help you
in this matter as Leonard will not be able to pay me back
coins you would select. He has already considerable difficulties
with the lot of \$599.00 you took, and it is impossible to
deduct more from his salary for some considerable time.

It is not up to me to make any suggestions,
as I am not in a position to judge what has happened in the
past between him, you and Johnson. I think that you better
handle this with Leonard personally, but as I said previously,
I am quite willing to give my good offices.

Yours sincerely,

Col. Leonard S. Forrer

Dear Eric,

I am writing you again because tonight a very curious incident occurred here in Bath. We were invited to a very nice house here and after getting there found the large drawing room lined with Penn family portraits. It developed that they are direct descendants of William Penn and have numerous mementoes etc. I told them of the Johnson things & they were much interested.

I also said that if you had extra photostats of the portraits or of the catalogue descriptions you would mail copies to them. The lady is

Mrs Gertrude M. Hardy

Somerset

They have a silver circle which William Penn sent from America to the family. On the back is

engraved the following: (among other things)

Richard Penn

If you are interested drop the lady
a line.

Dear Eric & Evelyn,

I have just come from seeing Leonard Forrer who was very nice but nothing happened. I did it come right out and ask him for anything but as it if he had any message for you or was there anything he wanted to tell me or give me. He said I was in constant communication with you & knew I was coming. He also said he had just completed a matter in which I was interested & you would be directing him there. He said your matter was working out very much better now. If you want me to do anything else with him let me know my arrival at Hotel Unterland, Marburg.

I also saw Mr. Gallow today and got 20 from him. I didn't really see him yet but got it from the desk.

Now for something important. We found a miniature chest today, the first we have seen in 10 days of London. It was at Aspreys on Old Bond St which as you know is one of the best streets and one of the best shops. It is not a miniature desk but is a miniature chest. It is 11" long, 6" deep and 10 1/2" high. It is mahogany has 3 draws with metal knob handles and ivory keyholes on each drawer. Both Betty and I think it very nice. The price is £20 and the shipping charge is only 10 shillings. Please let us know by airmail if you want us to get it for you. We will also look further on our way to Scotland.

I have only been here 10 days but I have seen every street from the Tower to the House of Parliament and from the Thames to Marble Arch High Street and Smithfield Market.

Betty has been in 63 jewelry shops, 27 antique shops and 23 art galleries. So far we haven't bought anything "important" but I have cashed some "important" checks for "pure eyes". Seriously, there is little fine goods available except sweaters. The antiques are very meager so price is only secondary. Hotel and meals are quite reasonable.

Tomorrow we are off to Devon and Cornwall for 6 days, then back to London for 3 days and then off for 14 days to Scotland and back on our "kitchen tested" trip, thanks to you.

Betty got her appointment as a U.S. delegate to the UNESCO seminar so we will have to come back a little early. We are now trying to book a flight back about Sept 12th. She will be in New York from then to Oct 14. I will be back home about Sept 14th.

If you want anything here write us at Hotel Cumberland.
